## Rules

- The first rule of Bourbon Club is that we DO talk about Bourbon Club
- Club members may drink their bourbon any way they like...but anything other than neat, on the rocks or with a splash of water will likely bring befuddled looks your way.
- While bourbon is preferred we will always hold our other whiskey brothers, scotch, rye, whiskey etc. in high esteem.
- Know your bourbon but never assume that you know all there is to know about bourbon.

Now that you have read the benefits and rules, join now for a lifetime membership to the Mississippi Gulf Coast's only Bourbon Society! Please contact Kathleen Czaplewski with any questions or concerns
